

WTS is for Everyone

Area Agency on Aging of Western Arkansas, Inc. is pleased to announce our new Rural Transit Service, W.T.S. We believe that we can bridge the gap between rural and urban areas with our new fixed and flexible routes.

This is a transportation program for all residents who need rides. Transportation can include rides for shopping, personal needs, nutrition centers, and much more.

We're Going Your Way

Our Agency takes pride in the service it provides, and the dedicated, friendly assistance of its staff. We are proud to be able to give rides to those people who are without transportation, allowing them to actively participate in their communities. Our main goal is to provide transportation to everyone who desires freedom and mobility.

This notice is available from the ADA/504/Title VI coordinator in large print, on audiotape and in Braille.

Free language assistance for Limited English Proficient individuals is available upon request.

Sponsored by: Area Agency on Aging of Western Arkansas, Inc.

Fares:

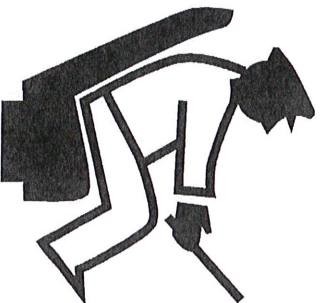

WTS offers rural public transportation for all ages. Fares apply to all rural transportation riders where WTS operates. Due to limited space, public transportation is provided for those who call first.

You can travel within your home town for a small fee. Trips out of your hometown will be based upon mileage. Call today to find out how to schedule a ride!

Toll Free: 1-855-642-0060
(or)
1-479-424-2098

All fares are based on \$3.00 Each Boarding

WTS service area includes the following counties: Crawford, Conway, Franklin, Logan, Polk, Scott, Sebastian, Johnson, Yell, Perry, and Pope.

Let us do the driving for You!

Scheduling and Rider Reservation

Hours:

WTS office hours are Monday through Friday, 8 a.m. to 5 p.m. Rides are scheduled by 2 p.m. two business days before you want to ride. Example: If you need a ride on Monday, your reservation needs to be made by 2 p.m. on Thursday. When a wheelchair van will be needed, you must let the schedulers know so that accommodations can be made to assure that a wheelchair accessible van is available in your area. Most rural areas will have a rotating schedule of when the van will be in town and available for use.
